1 **Purpose of the Policy**

1.1 This policy sets out Oxford City Council’s framework for the management of street trading in Oxford. Through the street trading scheme the Council aims to regulate the location and number of street traders. The scheme also aims to prevent the obstruction of the streets of Oxford by street trading activities. In doing so, it recognises the importance of licensed businesses to the local economy and the character of the area whilst trying to ensure that the activities do not cause nuisance or annoyance to the people in the area.

1.2 This document will guide the Licensing Authority when it considers applications for Street Trading Consents. It will inform applicants of the parameters in which the authority will make decisions and how their needs will be addressed.

1.3 It also highlights the Council’s undertaking to avoid duplication with other statutory provisions and our commitment to work in partnership with other enforcement agencies.

2 **Consultation**

2.1 In determining this policy, the Council has consulted the following people and bodies:

- Thames Valley Police
- Oxfordshire Fire and Rescue Service
- Oxfordshire County Council Highways
- Central, South and West Area Committee
- Oxford City Centre Manager
- Nightsafe
- Oxford Covered Market traders
- Gloucester Green Market traders
- All current consent holders
- The general public

2.2 We have also consulted various other professional people within the Council. These include:

- Planning
- City Works
- Legal Services
- Property and Facilities Management
- City Centre Manager

2.3 We have considered and taken into account the views of all the appropriate bodies and organisations.

3 **Review of the Policy**

3.1 This policy will be reviewed every three years. At the time of the review, we will again consult all interested parties. As well as the three-yearly reviews, we will continue to evaluate the policy and may update it at any time. Any minor changes can be agreed by the General Purposes Licensing Committee.
4 Legislation and current provision

4.1 In 1986 the Council resolved that Schedule 4 to the Local Government (Miscellaneous Provisions) Act 1982 should apply to its area. Under Schedule 4 of the Act the Council can manage street trading by designating streets as ‘consent streets’, ‘licence streets’ or ‘prohibited streets’.

‘Street Trading’ is defined as the selling or exposing or offering for sale of any article (including a living thing) in a street – subject to a number of exceptions such as:

(a) Trading as a pedlar under the authority of a pedlar’s certificate granted under the Pedlars Act 1871.

(b) Any trade in a market or fair, the right to hold which having been obtained by a grant, enactment or order.

(c) Trading as a news vendor.

(d) Trading at or adjoining a shop premises as part of the business of the shop.

(e) Offering or selling things as a roundsman.

Schedule 4 defines a street as any road, footway, beach or other area to which the public have access without payment; and a service area as defined in section 329 of the Highways Act 1980.

A consent street is a street in which street trading can only take place if the consent of the local authority has first been obtained.

Prohibited streets are streets where no street trading may take place at all.

A licence street is a street that requires a formal licence before any form of street trading can take place.

Annexe 1 lists the streets in the City Centre that are designated as prohibited streets or consent streets, and sites where street trading consents have been issued. When considering street trading sites, the Council will seek the advice of Thames Valley Police, Nightsafe, Oxfordshire Fire and Rescue Service, the Highways Department of Oxfordshire County Council and notify neighbouring retail establishments and residents.

There are currently no licence streets within Oxford.

Street Traders that serve hot food or drink at any time between 11.00pm and 05.00am the following day will also require a Premises Licence under the Licensing Act 2003.
5  The Licensing Process and Delegation of Functions

5.1 This part of the document sets out how we will deal with applications for Street Trading Consents in the City of Oxford. The Council aims to provide a clear, consistent licensing service for service users. At the same time, it aims to protect the safety of highway users and to prevent nuisance or annoyance.

5.2 Delegation is laid out in the Council’s Constitution as follows:

Full Council sets policies on licensing and registration.

The General Purposes Licensing Committee:

- recommends and reviews policies on licensing and registration
- sets and reviews licence fees
- agrees and varies a street trading scheme.

The General Purposes Licensing Committee appoints a Licensing and Registration Sub-Committee to:

- decide street trading applications that are for longer than three months
- decide applications to renew street trading permission when there has been a complaint about the trader or the trader has broken the conditions of their street trading permission in the past year.

The Head of Environmental Development is authorised to:

(a) issue Street Trading Consents and to attach such conditions as are necessary under the Local Government (Miscellaneous Provisions) Act 1982;

(b) refuse any application for a Consent that;
   (i) in the opinion of the Head of Environmental Development does not comply with the Council’s conditions and polices;
   (ii) where there are objections from any of the following consultees; (Police, Fire or Highways on the grounds of Public or Highway safety);

(c) refer applications to the Licensing and Registration Sub-Committee;
   (i) when there has been a complaint about the trader or the trader has broken the conditions of their Street Trading Consent in the past year;
   (ii) where there is competition for a vacant approved site.

The Head of Environmental Development does everything else.

Applications for a Street Trading Consent

5.3 Street Trading Consents are limited to the sites listed in Annexe 1 and tend to remain with the same person for a number of years. Street Trading Consents are renewed annually for the period 1 April to 31 March unless granted for a reduced period. 2 sites are designated for weekly consents and the process is managed by the Environmental Development Service. Consents may be revoked by the City Council at any time. In the event of the consent being revoked, surrendered or lapsing without being renewed then the Council will invite new applications for the vacant site.
5.4 In considering applications for the grant or renewal of a Street Trading Consent the following factors will be considered:

(a) Public Safety
Whether the street trading activity represents, or is likely to represent, a substantial risk to the public from the point of view of obstruction, fire hazard, unhygienic conditions or danger that may occur when a trader is accessing the site.

(b) Public Order
Whether the street trading activity represents, or is likely to represent, a substantial risk to public order.

(c) The Avoidance of Public Nuisance
Whether the street trading activity represents, or is likely to represent, a substantial risk of nuisance to the public from noise or misbehaviour, particularly in residential areas.

(d) Appearance of the stall or vehicle
The stall or vehicle must be of smart appearance and meet criteria, including size, laid down in the standard consent conditions. Photographs or sketches, including dimensions, must be provided with all new applications and requests for approval of changes to or replacement of a stall or vehicle.

(e) Needs of the Area
The demand for the articles for sale, and the geographical location of the proposed site.

(f) Environmental Credentials
The impact of the proposed operation on the local environment including street surfaces and materials, power supply, carbon footprint, supply chain, packaging, waste minimisation, waste disposal and waste created by customers. Mitigating measures to minimise the environmental impact of the proposed operation.

(g) Food Traders
Applicants to trade in hot or cold food must hold a current Level 2 Food Hygiene Certificate accredited by The Chartered Institute of Environmental Health, or The Royal Society of Health, or The Royal Institute of Public Health and Hygiene.

(h) Highway
The location and operating times will be such that the highway can be maintained in accordance with the Oxfordshire County Council’s requirements and that there are no dangers to those who have a right to use the highway and no obstruction for emergency access.

5.5 Applications will only be considered for sites in 'Consent Streets'. An applicant for the grant of a new street trading consent site shall provide a copy of a map showing all streets and other public areas within a radius of 500 metres from the proposed location of the Street Trading site. The map shall be to a scale of 1:2500 and clearly indicate the location of the site in the centre of the map, and the locations of other street traders and outlets trading in similar commodities to those proposed.
Renewals

5.6 Street Trading Consents are issued for a period of up to one year.

5.7 Applicants should re-submit their application if they wish to continue to trade at least one month before the expiry of their current consent. At this renewal time, the Council may consult further to determine if the street trader is a cause for concern or has been the subject of complaints.

5.8 If a renewal application is not made before the expiry of the current licence, a new application will have to be made. (The effect of this will be that a trader will not be permitted to trade until the new consent is issued.)

5.9 Where a renewal application has been made and there have been no justifiable complaints, no enforcement issues and all fees have been paid on time, the consent will be renewed.

5.10 Where a renewal application has been made and there have been complaints or enforcement issues or fees have not been paid on time, then the application will be referred to the Licensing and Registration Sub-Committee.

Transfers

5.11 A Street Trading Consent cannot be transferred or sold to another person except that the Consent may be transferred to a member of the Consent Holder’s immediate family in the event of the Consent Holder’s death or incapacity on payment of a fee. The sub letting of a pitch is prohibited.

Decisions

5.12 Where an application is referred to the Licensing and Registration Sub-Committee, it will determine each application on its own merits. Members of the Sub-Committee will consider all information attached to the application. If a member of the Sub-Committee has an interest in a neighbouring premises or knows an applicant personally, they must declare an interest in accordance with the Code of Conduct adopted in accordance with the Local Government Act 2000. Members should take advice from the legal officer present at the meeting as to whether or not the interest prevents them from determining the particular application.

5.13 Following the determination of an application, the Head of Environmental Development will notify the applicant of the decision in writing as soon as possible after the decision.

5.14 There is no statutory right of appeal against refusal to issue a consent.

6 Markets

6.1 The Gloucester Green weekly markets and the Covered Market are outside the scope of the street trading scheme. Gloucester Green has Charter Market status and trading in the Covered Market takes place from shop units.
7 Special Events

7.1 For special events such as Christmas or Continental Street Markets, the Council will issue one consent to the person organising the event, rather than to each individual trader. This policy is aimed at promoting events and encouraging more traders to attend them.

7.2 For successful applications, we will issue a single consent, which will cover a number of traders.

8 Fees

8.1 Fees will be set and reviewed annually on a full cost recovery basis. The level of fees applicable takes into account the location, the duration of the consent, trading hours, and the articles to be sold. Where trading ceases during the term of a consent, refunds will not be given for any outstanding period of less than 3 months. Details of the current fees can be found on the Council’s website or on application to the licensing office. Fees must be paid in advance and arrangements are in place to enable annual fees to be paid quarterly in advance.

8.2 Applications for annual consents should be accompanied by a non-refundable fee of £100. If the application is approved, the balance of the fee will be due before the consent is issued. If the application is not successful the fee will be retained to cover the cost incurred in processing the application.

9 Conditions

9.1 The Council applies standard conditions to Street Trading Consents.

- General conditions for annual Street Trading Consents
- General conditions for weekly Street Trading Consents
- Additional conditions applicable to Special Events

The standard conditions are not exhaustive and other conditions may be added to individual consents where appropriate.

9.2 Standard Trading Hours are:

(a) Roadside locations for vehicles.
   Daytime sale of Ice Cream from 08:00am to 6:00pm.
   Evening sale of Hot Food from 6:30pm to 3:00am (can be extended to 4:00am Thursdays, Fridays, and Saturdays on application and subject to approval).

(b) Pavement locations.
   From 08:00am and 9:00pm.

9.3 Street trading can only be carried out from the stall or vehicle authorised under the conditions of the consent. Any changes to or replacement of the stall or vehicle must be approved by the Head of Environmental Development.
9.4 The standard conditions applied to Street Trading Consents are attached to this policy as Annexe 2. This list is not exhaustive and other conditions may be added to the consent.

10 **Enforcement**

10.1 The Council is committed to enforcing the provisions contained within the relevant legislation and to work in partnership with all enforcement agencies, to provide consistent enforcement on licensing issues.

10.2 The Licensing Team aims to work closely with other enforcement authorities when dealing with issues on the street.

10.3 Where licensable activities are conducted without the benefit of a licence, permit or consent or where conditions are breached, the Council will look to gather evidence and take enforcement action as appropriate.

10.4 If the Council feels that there is an issue of public order or threat to public safety in any particular instance, it will call for assistance from Thames Valley Police.

10.5 The Council may call for assistance from the CCTV centre when dealing with such issues.

10.6 The Council will enforce the provisions of all appropriate legislation and will ask persons causing a nuisance to cease the activity that they are conducting and leave the area.
