PART A: GENERAL MATTERS

1. The licensing objectives

The licensing objectives of the Gambling Act 2005 are:

- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime
- Ensuring that gambling is conducted in a fair and open way
- Protecting children and other vulnerable persons from being harmed or exploited by gambling

The Licensing Authority must have regard to these licensing objectives in exercising most of its functions under the 2005 Act.

2. The Licensing Authority

The Gambling Act 2005 has made Oxford City Council the Licensing Authority for its district. From 31 January 2007 the Council has been responsible for granting premises licences for:

- Betting premises, including tracks;
- Adult Gaming Centres;
- Family Entertainment Centres;
- Bingo premises; and
- Casino premises.

3. The Oxford City Council area

Oxford City Council is one of the five district councils of Oxfordshire. The City of Oxford has a population of 151,584 (ONS 2020 mid-year estimate) in an area of 4,566 ha (17.6 square miles). A significant proportion of the land area within the city boundary is rural, with the population concentrated in the urban parts. The district is shown on the map in Appendix 1.

Oxford is one of the principal entertainment centres for Oxfordshire, however local road, bus and rail links foster a wider catchment area than this and also enable Oxford residents to use centres outside the county boundary, such as Aylesbury, Reading, Swindon and Newbury. Oxford residents also have reasonable access to the facilities offered by Bristol, London, Birmingham or Southampton.

Although Oxford is generally affluent, some of its wards are ranked amongst those of highest multiple-deprivation in the country. 10 out of its 83 neighbourhoods are amongst the 20% most deprived in England.

4. Glossary of terms

Within this Statement of Gambling Licensing Policy, the following words and terms are defined as stated:

Council	Oxford City Council
GC Guidance	The Gambling Commission's "Guidance to Licensing Authorities" under section 252(2)

Licensing Authority	Oxford City Council
The 2005 Act	The Gambling Act 2005
The 2003 Act	The Licensing Act 2003
LACORS	Local Authorities Co-ordinators of Regulatory Services

5. This Statement of Gambling Licensing Policy

The 2005 Act requires the Council to prepare and publish a statement of the principles that the Licensing Authority proposes to apply in exercising their functions under the 2005 Act before each successive period of three years.

In preparing this Statement of Gambling Licensing Policy, the Council has had regard to the licensing objectives and the Guidance issued by the Gambling Commission.

In determining the Statement of Gambling Licensing Policy, the Council had regard to the licensing objectives and the Guidance issued by the Gambling Commission, and had due regard to comments received as a result of the consultation process.

This statement must be reviewed from “time to time” and any revisions must be published before they take effect. The 2005 Act requires each Licensing Authority to consult the following parties when preparing a new statement or revision...

- The Chief Officer of Police.
- One or more persons who appear to the Licensing Authority to represent the interests of persons carrying on gambling businesses in the Licensing Authority’s area.
- One or more persons who appear to the Licensing Authority to represent the interests of persons who are likely to be affected by the exercise of the Licensing Authority’s functions under the 2005 Act.

Before finalising and publishing this policy statement, the Council consulted the following ...

- Thames Valley Police
- The Oxfordshire Safeguarding Children Board
- The management of all premises in Oxford with Gambling Premises Licences
- Gaming & Betting Organisations

The list of comments made and the consideration by the Council of those comments is available from the Licensing Authority or from the Council’s website (see inside front cover for contact details).

Consultation took place from 24th September 2021 for 3 weeks.

The Licensing Authority followed the best practice for consultation set out by the Department for Business Innovation and Skills. Revised Code of Practice(which came into effect in April 2015) and the Cabinet Office Guidance on consultations by the public sector.

If you have any comments about this Statement of Gambling Licensing Policy, please write to the Licensing Authority (details inside front cover).

6. Effective period

This Statement of Gambling Licensing Policy becomes effective on 31st January 2022.

It will remain effective for three years (or any longer period in accordance with the 2005 Act) although the Council may adopt revisions within that period.

At the date of publication, this licensing policy is expected to last until 30th January 2025.

7. Functions of the Licensing Authority

7.1 Functions

The 2005 Act gives Licensing Authorities the following functions:

- Licensing premises where gambling activities are to take place by issuing Premises Licences
- Issuing Provisional Statements
- Regulating members' clubs and miners' welfare institutes who wish to undertake certain gaming activities, by issuing Club Gaming Permits and/or Club Machine Permits
- Issuing Club Machine Permits to Commercial Clubs
- Granting permits for the use of certain lower stake gaming machines at unlicensed Family Entertainment Centres
- Receiving notifications of the use of two or fewer gaming machines, from premises licensed (under the 2003 Act) to sell/supply of alcohol (for consumption on the premises other than with a meal).
- Issuing Licensed Premises Gaming Machine Permits where more than two machines are required for premises licensed (under the 2003 Act) to sell/supply alcohol (for consumption on the premises other than with a meal).
- Issuing Prize Gaming Permits
- Receiving and endorsing Temporary Use Notices
- Receiving Occasional Use Notices
- Providing information to the Gambling Commission on details of licences issued (see section above on 'information exchange')
- Maintaining registers of permits and licences issued under these functions.

7.2 Delegation of functions

The 2005 Act (s154) delegates most licensing functions to the licensing committee, which can then further delegate to its sub-committees or to officers. Appendix 2 lists the lowest level to which decisions can be delegated.

From time-to-time the Licensing Authority may change the levels to which its decisions are actually delegated.

8. Functions of others

Under the 2005 Act, the role of the Gambling Commission includes the following matters, which are therefore not the responsibility of the Licensing Authority:

- Issuing and enforcing Operating Licences.
Operating Licences are required by organisations providing casinos, remote gambling, bingo, lotteries, facilities for betting and providing gaming machines etc. (There are exceptions within some of these categories.)
- Issuing and enforcing Personal Licences.
For each Operating Licence there must be at least one person who both occupies a specified management office in connection with that licence and holds a Personal Licence. Conditions may require more than one such person to hold a Personal Licence.
Conditions may also require persons performing specified operational functions to each hold a Personal Licence.
- Ensuring compliance by manufacturers, suppliers and repairers of gaming machines.

The Financial Services Authority regulates spread betting and the National Lottery Commission regulates the National Lottery under separate legislation.

9. General principles

This Statement of Gambling Licensing Policy will not override the right of any person to make an application, make representations about an application, or apply for a review of a licence, as each matter will be considered on its own merits and according to the statutory requirements of the 2005 Act.

10. Responsible Authorities

Appendix 5 provides details for all the Responsible Authorities under the 2005 Act that have a role in the Licensing Authority's area.

The latest version of those details can be found on the Council's website, and the Licensing Authority will also provide this information in printed form on request (see details inside front cover).

The Licensing Authority designates the Oxfordshire Safeguarding Children Board as the body that is competent to advise the authority about the protection of children from harm.

The principles on which it based this decision are the need for the body to:

- have broad experience of children's issues;
- be responsible for an area covering the whole of the Licensing Authority's area; and
- be answerable to democratically elected persons, rather than to any particular vested interest group. (The Licensing Authority notes that that body reserves the right to hold those persons to account on children's issues.)

11. Interested parties

Interested parties can make representations about licence applications, or apply for a review of an existing licence. However, the Licensing Authority has powers under the 2005 Act to determine whether a person is an interested party.

In doing so, the Licensing Authority will decide each case on its merits, based upon the following principles:

“a person is an interested party in relation to an application for or in respect of a premises licence if, in the opinion of the licensing authority which issues the licence or to which the applications is made, the person-

(a) lives sufficiently close to the premises to be likely to be affected by the authorised activities,

(b) has business interests that might be affected by the authorised activities, or

(c) represents persons who satisfy paragraph (a) or (b)” (2005 Act s.158)

11.1 Proximity to premises

In accordance with GC Guidance, when determining what “sufficiently close to the premises” means the Licensing Authority may include consideration of:

- *“the size of the premises;*
- *the nature of the premises;*
- *the distance of the premises from the location of the person making the representation;*
- *the potential impact of the premises (number of customers, routes likely to be taken by those visiting the establishment); and*
- *the circumstances of the complainant. This is not the personal characteristics of the complainant, but the interests of the complainant which may be relevant to the distance from the premises. For example, it could be reasonable for an authority to conclude that “sufficiently close to be likely to be affected” could have a different meaning for (a) a private resident (b) a residential school for children with truanting problems and (c) a residential hostel for vulnerable adults.” {GCG 8.14}*

The Licensing Authority will not generally view trade associations and trade unions, and residents’ and tenants’ associations as interested parties unless they have a member who lives sufficiently close to the premises to be classed as one.

11.2 ‘Business interests’

The Licensing Authority will also consider the GC Guidance that “has business interests” should be given the widest possible interpretation and include partnerships, charities, faith groups and medical practices.

However, the Licensing Authority considers that “has business interests” should not entitle an operator to make representations on an application for premises anywhere. The *“factors that are likely to be relevant include:*

- *the size of the premises;*
- *the ‘catchment’ area of the premises (i.e. how far people travel to visit); and whether the person making the representation has business interests in that catchment area, that might be affected.”*

11.3 Representatives of interested parties

Interested parties can be persons who are democratically elected such as councillors and MPs. No specific evidence of being asked to represent an interested person will be required as long as the councillor / MP represent the ward likely to be affected. Likewise, any parish councils that are likely to be affected will also be considered to be interested parties. Other than these however, the Licensing Authority will generally require written evidence that the representative has been appointed by the person likely to be affected. A letter from one of these persons, requesting the representation is sufficient.

The Licensing Authority does not permit councillors who either are, or represent, an interested party in a case to participate as a member of the Licensing Committee (or sub-committee) that considers that case.

If individuals wish to approach councillors to ask them to represent their views then care should be taken that the Councillors are not part of the licensing sub-committee dealing with that application. Licensing authority staff will help with this (contact details inside front cover).

12. Exchange of Information

The principle that the licensing authority will apply in respect of the exchange of information between it and the Gambling Commission and those bodies listed in Schedule 6 of the Act is that it will act in accordance with the provisions of the Gambling Act 2005 which includes the provision that the General Data Protection Regulations will not be contravened.

The licensing authority will also have regard to any guidance issued by the Gambling commission to Local Authorities on this matter when it is published, as well as any relevant regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005

13. Enforcement

The Licensing Authority will apply the following principles in accordance with GC Guidance in exercising its functions about the inspection of premises (2005 Act, Part 15) and powers to institute criminal proceedings in respect of the offences specified (2005 Act, s.346).

The Licensing Authority will endeavour to be...

- Proportionate: regulators should only intervene when necessary: remedies should be appropriate to the risk posed, and costs identified and minimised;
- Accountable: regulators must be able to justify decisions, and be subject to public scrutiny;
- Consistent: rules and standards must be joined up and implemented fairly;
- Transparent: regulators should be open, and keep regulations simple and user friendly; and
- Targeted: regulation should be focused on the problem, and minimise side effects.

The Licensing Authority will endeavour to avoid duplication with other regulatory regimes so far as possible.

The main enforcement and compliance role for the Licensing Authority under the 2005 Act will be to ensure compliance with the premises licences and other permissions that it authorises. The Gambling Commission is the enforcement body for other matters under the 2005 Act, as noted above.

The Licensing Authority will also keep aware of advice from the Better Regulation Executive on the regulatory functions of local authorities.

13.1 Risk methodology

The Licensing Authority will adopt a risk-based inspection programme and in order to comply with the principle of transparency, the Licensing Authority will make available, on request, details of its risk methodology, and its protocols or written agreements for enforcement and compliance. (For contact details, see inside front cover).

The general approach of risk-based inspection is to avoid routine inspections of all premises. Instead, high-risk premises are inspected more frequently than low risk ones.

Amongst other things, this approach considers risks related to the size of the premises, the range of activities that take place there, and the time that those activities take place. Larger, more active premises are likely to be classed as higher risk and are therefore likely to be inspected more frequently.

PART B: PREMISES LICENCES

14. General Principles

Premises Licences will be subject to the requirements set-out in the 2005 Act and regulations, and specific mandatory and default conditions detailed in regulations.

Where the Licensing Authority considers it appropriate, it may exclude default conditions; attach other conditions, or both.

In making decisions about premises licences, the 2005 Act (s.153) requires the Licensing Authority to aim to permit the use of premises for gambling in so far as it thinks it:

- in accordance with any relevant code of practice issued by the Gambling Commission
- in accordance with any relevant guidance issued by the Gambling Commission
- reasonably consistent with the licensing objectives and
- in accordance with the authority's Statement of Gambling Licensing Policy.

The Licensing Authority is also aware that that unmet demand (for gambling facilities) is not a criterion for a Licensing Authority and that GC Guidance states "moral objections to gambling are not a valid reason to reject applications for premises licences". However, such reasons may be taken into account in considering any 'no casino resolution' (see the section on casinos below).

15. The Licensing Process

The powers of the Council as a Licensing Authority under the Act may be carried out by the Licensing and Gambling Act Committee and then put before Full Council. Applications under the Act will be dealt with in accordance with the Council's scheme of delegation. The attached table sets out how the Council will determine applications and other matters under the Act. (the table can be found as Appendix 2).

Application forms will be in the format prescribed by regulations. The form will need to contain information that describes the gambling activities to be provided, the operational procedures, hours, nature of the location, needs of the local community, etc. Most importantly, the applicant will have to detail the steps that will be taken to promote the three licensing objectives. Applicants must also carry out a local risk assessment before they apply for a licence in accordance with the Social Responsibility provisions of the Gambling Commission's Licence Conditions and Codes of Practice (code 10.1.1)

The Council will expect the local risk assessment to consider as a minimum:

- any Local Area Profile published by the licensing authority.
- the location of services for children such as schools, playgrounds, leisure/community centres and other areas where children will gather;
- the demographics of the area in relation to vulnerable groups. Information in this regard is available on the Council's website <https://www.oxford.gov.uk/info/20131/populations>;

- whether the premises is in an area subject to high levels of crime and/or disorder.

Local risk assessments should be shared with the Licensing Authority and demonstrate how any vulnerable people, including people with gambling dependencies, at risk from the proposed premises, will be protected.

Applicants are encouraged to fully consult the Police and other responsible authorities well in advance of submitting their applications. Application forms will be available on our website www.oxford.gov.uk this includes contact names for each of the responsible authorities that will be receiving applications. Most applications will require additional documentation and a fee to be included with the form. Incomplete applications will not be considered and will be returned to the applicant.

16. Definition of “premises”

Definition of “premises” – In the Act, "premises" is defined as including "any place". Section 152 therefore prevents more than one premises licence applying to any place. A single building could be subject to more than one premises licence, provided they are for different parts of the building and the different parts of the building can be reasonably regarded as being different premises. This approach has been taken to allow large, multiple unit premises such as a pleasure park, pier, track or shopping mall to obtain discrete premises licences, where appropriate safeguards are in place.

The Gambling Commission states in its Guidance to Licensing Authorities that: “In most cases the expectation is that a single building / plot will be the subject of an application for a licence, for example, 32 High Street. But, that does not mean 32 High Street cannot be the subject of separate premises licences for the basement and ground floor, if they are configured acceptably. Whether different parts of a building can properly be regarded as being separate premises will depend on the circumstances. The location of the premises will clearly be an important consideration and the suitability of the division is likely to be a matter for discussion between the operator and the licensing officer. The Commission does not consider that areas of a building that are artificially or temporarily separated, for example by ropes or moveable partitions, can properly be regarded as different premises.”

The licensing authority will take particular care in considering applications for multiple licences for a building and those relating to a discrete part of a building used for other (non-gambling) purposes. In particular they should be aware of the following:

- The third licensing objective seeks to protect children from being harmed by gambling. In practice that means not only preventing them from taking part in gambling, but also preventing them from being in close proximity to gambling. Therefore premises should be configured so that children are not invited to participate in, have accidental access to or closely observe gambling where they are prohibited from participating.
- Entrances to and exits from parts of a building covered by one or more premises licences should be separate and identifiable so that the separation of different premises is not compromised and people do not “drift” into a gambling area. In

this context it should normally be possible to access the premises without going through another licensed premises or premises with a permit.

- Customers should be able to participate in the activity named on the premises licence.

The Gambling Commission's relevant access provisions for each premises type are reproduced below:

Adult Gaming Centre

- Customers must not be able to access the premises directly from any other licensed gambling premises

Betting Shops

- Access must be from a street or from another premises with a betting premises licence
- No direct access from a betting shop to another premises used for the retail sale of merchandise or services. In effect there cannot be an entrance to a betting shop from a shop of any kind and you could not have a betting shop at the back of a café – the whole area would have to be licensed.

Tracks

- Customers must not be able to access the premises directly from:
 - a casino
 - an adult gaming centre

Bingo Premises

- Customers must not be able to access the premise directly from:
 - a casino
 - an adult gaming centre
 - a betting premises, other than a track

Family Entertainment Centre

- Customers must not be able to access the premises directly from:
 - a casino
 - an adult gaming centre
 - a betting premises, other than a track

Part 7 of the Gambling Commission's Guidance contains further guidance on this issue, which this authority will also take into account in its decision-making.

(iii) Premises "ready for gambling"

The Guidance states that a licence to use premises for gambling should only be issued in relation to premises that the Licensing Authority can be satisfied are going to be ready to be used for gambling in the reasonably near future, consistent with the scale of building or alterations required before the premises are brought into use.

If the construction of a premises is not yet complete, or if they need alteration, or if the applicant does not yet have a right to occupy them, then an application for a provisional statement should be made instead.

In deciding whether a premises licence can be granted where there are outstanding construction or alteration works at a premises, this authority will determine applications on their merits, applying a two stage consideration process:-

- First, whether the premises ought to be permitted to be used for gambling
- Second, whether appropriate conditions can be put in place to cater for the situation that the premises are not yet in the state in which they ought to be before gambling takes place.

Applicants should note that this authority is entitled to decide that it is appropriate to grant a licence subject to conditions, but it is not obliged to grant such a licence.

17. Location

The Licensing Authority cannot consider the issue of demand for gambling facilities in any location, but will address considerations in terms of the licensing objectives that relate to the location of premises. The Licensing Authority will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as to issues of crime and disorder that may relate to location.

Any existing Local Area Profile published by the Licensing Authority will be available from the authority directly or on its website. A Local Area Profile will assist applicants and operators by providing information on the local area and risks, including any sensitive locations within close proximity of proposed gambling premises.

Applicants will have to show that they have considered any potential impact of their proposed operation on the licensing objectives and provide information on how they plan to reduce or remove any likely adverse impact on them

The Licensing Authority will pay particular attention, having regard to the gambling licensing objectives, to any proposals for new gambling premises that are in close proximity to accommodation or centres catering for vulnerable people, including those with mental health or learning difficulties, and those with gambling problems or with alcohol or drug abuse problems

Such policies do not prevent submission of any application and each application will be decided on its merits. However, the Licensing Authority expects applicants to show how potential concerns would be overcome where location is an issue.

18. Duplication with other regulatory regimes

The Licensing Authority will seek to avoid any duplication with other statutory / regulatory systems where possible.

In considering a premises licence application the Licensing Authority will take no account of whether the premises is likely to be awarded planning consent or building regulations approval. However, the Licensing Authority will consider carefully any concerns about conditions that licensees would be unable to meet due to planning restrictions.

19. Licensing objectives

Premises licences granted must be reasonably consistent with the licensing objectives. The Licensing Authority has considered the GC Guidance on these objectives, and comments as follows...

Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime:

The Licensing Authority is aware that the Gambling Commission will be taking a leading role in preventing gambling from being a source of crime. The GC Guidance does however envisage that licensing authorities should pay attention to the proposed location of gambling premises in terms of this licensing objective. Thus, if an area has known high levels of organised crime this authority will consider carefully whether gambling premises should be located there and whether conditions, such as the provision of door supervisors, may be necessary.

The Licensing Authority is aware of the distinction between disorder and nuisance and will consider factors such as whether police assistance was required at incidents and how threatening the behaviour was to those who could see it, so as to make that distinction.

Ensuring that gambling is conducted in a fair and open way:

The Licensing Authority notes that the Gambling Commission has stated that it would generally not expect licensing authorities to become concerned with ensuring that gambling is conducted in a fair and open way as this will be addressed via operating and personal licences.

However, tracks are different from other premises, as track operators will not necessarily have an operating licence, and the Premises Licence may then need to contain conditions to ensure that the environment in which betting takes place is suitable.”

Protecting children and other vulnerable persons from being harmed or exploited by gambling

The Licensing Authority notes the GC Guidance that this objective means preventing children from taking part in gambling (as well as restriction of advertising so that gambling products are not aimed at children or advertised in such a way that makes them particularly attractive to them.

The Licensing Authority will consider, as suggested in the GC Guidance and in any Gambling Commission Code of Practice, whether specific measures are required at particular premises to further to this licensing objective. Appropriate measures may include supervision of entrances / machines, segregation of areas etc.

The Licensing Authority notes that the Gambling Commission is not seeking to offer a definition for the term “vulnerable persons” but states that ...

“it will for regulatory purposes assume that this group includes people who gamble more than they want to; people who gamble beyond their means; and people who may not be able to make informed or balanced decisions about gambling due to a mental impairment, alcohol or drugs.”

The Licensing Authority will consider this licensing objective as it applies to each case on its merits. If a “vulnerable person” is adequately defined in future then the Licensing Authority will revise this Statement of Gambling Licensing Policy accordingly.

20. Representations

The Licensing Authority may determine an application for a Premises Licence without a hearing, if the parties agree or if it considers that the representations made are:

- vexatious
- frivolous, or
- will certainly not influence the authority’s determination of the application.

If the Licensing Authority proposes to determine an application in this way, it will notify anyone who made a representation. (2005 Act s.162)

The Licensing Authority notes that the GC Guidance states that...

“Local authorities should be aware that moral objections to gambling are not a valid reason to reject applications for premises licences. This is because such objections do not relate to the licensing objectives. An authority’s decision cannot be based on dislike of gambling, or a general notion that it is undesirable to allow gambling premises in an area (with the exception of the casino resolution powers). In deciding to reject an application, a licensing authority should rely on reasons that demonstrate that the licensing objectives are not being, or are unlikely to be, met.”

The Licensing Authority also notes that the GC Guidance states that...

“unlike the Licensing Act, the Gambling Act does not include as a specific licensing objective the prevention of public nuisance. There is however other relevant legislation which deals with public nuisance. It would be helpful if licensing authorities could explain that objections to new premises or requests for a review should be based on the licensing objectives of the Gambling Act.”

21. Conditions

There are three classes of conditions that attach to premises licences:

- **Mandatory conditions under s167 of the Act**, which must be attached to premises licences.
- **Default conditions under s168 of the Act**, which will apply unless the Licensing Authority decides to exclude them or substitute conditions with others that are more or less restrictive.

The Licensing Authority is aware that the Gambling Commission considers that these mandatory and default conditions will normally be sufficient to regulate gambling premises.

- **Individual conditions under s169 of the Act**: In exceptional cases, the Licensing Authority may consider attaching individual conditions related to the licensing objectives in order to deal with specific risks or problems associated with a particular locality, specific premises or class of premises.

Any conditions attached to licences will be proportionate and will be...

- Relevant to the need to make the proposed building suitable as a gambling facility;
- Directly related to the premises and the type of licence applied for;
- Fairly and reasonably related to the scale and type of premises; and
- Reasonable in all other respects.

The Licensing Authority will decide each application on its merits. Where appropriate it will consider using a number of control measures, such as the use of door supervisors or appropriate signage for 'adult only' areas etc.

The Licensing Authority expects the premises licence applicant to offer his/her own proposals to effectively meet the licensing objectives.

This policy includes specific comments on such issues under some of the licence types covered further below.

The Licensing Authority will also consider specific measures that may be required for buildings that are subject to multiple premises licences. Such measures may include the supervision of entrances; segregation of gambling from non-gambling areas frequented by children; and the supervision of gaming machines in non-adult gambling specific premises in order to pursue the licensing objectives. These matters are in accordance with GC Guidance.

This authority will also ensure that where machines of category C or above offer in any premises to which children are admitted:

- all such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;
- only adults are admitted to the area where these machines are located;
- access to the area where the machines are located is supervised;
- the area where these machines are located is arranged so that it can be observed by the staff or the licence holder; and
- at the entrance to and inside any such areas there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.

This Licensing Authority is aware that tracks may be subject to more than one premises licence, provided each licence relates to a specified area of the track. In such cases, the Licensing Authority will consider the impact upon the third licensing objective in accordance with GC Guidance and the need to ensure that entrances to each type of premises are distinct and that children are excluded from those gambling areas that they are not permitted to enter.

The Licensing Authority cannot attach certain conditions to premises licences. Those conditions are...

- Any condition on the premises licence that makes it impossible to comply with a condition on an operating licence;
- Conditions relating to gaming machine categories, numbers, or method of operation;

- Conditions that require membership of a particular club or body (the 2005 Act specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated); and
- Conditions about stakes, fees, winning or prizes.

22. Door Supervisors

The GC Guidance advises that licensing authorities may consider whether door supervisors are needed in order to further the licensing objectives of *“protection of children and vulnerable persons from being harmed or exploited by gambling”* and *“preventing premises becoming a source of crime”*.

Where supervision of entrances / machines is required for premises, the Licensing Authority will decide with operators whether door supervisors need to be licensed by the Security Industry Authority.

At premises such as betting offices, the Licensing Authority will make a door supervision requirement only if there is clear evidence from the history of trading at the premises that the premises cannot be adequately supervised from the counter, and that door supervision is both necessary and proportionate.

23. Specific types of premises

23.1 Adult Gaming Centres

For these premises, the Licensing Authority will have specific regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and expects the applicant to satisfy the Licensing Authority of the adequacy of measures to ensure, for example, that no-one under 18 years old has access to the premises.

The Licensing Authority may consider measures to meet the licensing objectives, such as ...

- Proof of age schemes
- CCTV
- Supervision of entrances / machine areas
- Physical separation of areas
- Location of entry
- Notices / signage
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare.

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

23.2 Licensed Family Entertainment Centres

For these premises, the Licensing Authority will have specific regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and expects the applicant to satisfy the Licensing Authority of the adequacy of measures to ensure, for example, that no-one under 18 years old has access to adult-only gaming machine areas.

The Licensing Authority may consider measures to meet the licensing objectives, such as ...

- CCTV
- Supervision of entrances / machine areas
- Physical separation of areas
- Location of entry
- Notices / signage
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare.
- Measures / training for staff on how to deal with suspected truant school children on the premises

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

In accordance with GC Guidance, the Licensing Authority will check the Gambling Commission's website for any potential conditions on operating licences that cover delineation of areas containing category C machines.

23.3 Casinos

a) **Casino proposals**

The Licensing Authority did not submit any proposal for a casino to the Independent Casinos Advisory Panel in early 2006, so Oxford will not be chosen as a location for one of the first 17 new casinos permitted under the 2005 Act.

b) **'No casino' resolution**

The Council passed a 'no casino' resolution (2005 Act, s.166) at its meeting on 20 November 2006 on the basis of a recommendation of the Licensing and Gambling Acts Committee, and this resolution has been maintained each time that this Policy has been renewed.

Potential licence applicants should note that, because the Council has passed a 'no-casino' resolution, the Licensing Authority will not consider any application for a casino premises licence. Any application received will be returned with a notification that a 'no-casino' resolution is in place.

The following paragraphs c), d) and e) appear in this Statement of Gambling Licensing Policy for consistency with other Licensing authorities. They have no role while a 'no casino' resolution remains in effect.

c) **Casinos and competitive bidding**

If circumstances arise where a number of operators want to run a casino in the area, the Council will run a 'competition' as required under the 2005 Act, Schedule 9 in line with any regulations issued under the 2005 Act.

d) **Betting machines in casinos**

The Licensing Authority notes that the section 181 of the 2005 Act contains an express power for licensing authorities to restrict the number of betting machines in casinos. {GCG 16.33} If the Licensing Authority receives an application for a casino premises licence it will take account of GC Guidance on this matter.

e) Credit

The Licensing Authority notes that section 177 of the 2005 Act does not prevent a casino licensee from permitting the installation of cash dispensers (ATMs) on the premises. If the Licensing Authority receives an application for a casino premises licence it will take account of GC Guidance on this matter.

23.4 Bingo premises

The Licensing Authority notes that the GC Guidance states that...

It is important that if children are allowed to enter premises licensed for bingo that they do not participate in gambling, other than on category D machines. Where category C or above machines are available in premises to which children are admitted licensing authorities should ensure that:

- *all such machines are located in an area of the premises separate from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;*
- *only adults are admitted to the area where the machines are located;*
- *access to the area where the machines are located is supervised;*
- *the area where the machines are located is arranged so that it can be observed by staff of the operator or the licence holder; and*
- *at the entrance to, and inside any such area there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.*

The Licensing Authority will similarly note any further GC Guidance on the issues of suitability and layout of bingo premises.

23.5 Betting premises

a) Betting machines

When considering the number/nature/circumstances of betting machines an operator wants to offer, the Licensing Authority will follow the GC Guidance and take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines by vulnerable people or by children or young persons.

This authority will consider limiting the number of machines only where there is evidence that such machines have been or are likely to be used in breach of the licensing objectives.

23.6 Tracks

The Licensing Authority notes that tracks are different from other premises in that:

- there may be more than one premises licence in effect provided each licence relates to a specified area of the track, and
- track operator may not be required to hold an operating licence as there may be several premises licence holders at the track which will need to hold their own operating licences.

The Licensing Authority will especially consider measures to ensure that children do not have access to 'adult only' gaming facilities.

The Licensing Authority notes that children and young persons will be permitted to enter track areas where facilities for betting are provided on days when dog-racing and/or horse racing takes place, although not permitted to enter areas where gaming machines (other than category D machines) are provided. It will especially consider the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter, in furtherance of the licensing objective to ensure the protection of children and vulnerable persons from being harmed or exploited by gambling.

The Licensing Authority will consider measures to meet the licensing objectives, such as ...

- Proof of age schemes
- CCTV
- Supervision of entrances / machine areas
- Physical separation of areas
- Location of entry
- Notices / signage
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

a) Gaming machines at tracks

The Licensing Authority notes the GC Guidance that licensing authorities need to consider the location of gaming machines at tracks. An applicant for a track premises licence who plans to use any entitlement to four gaming machines (due to holding a pool betting operating licence) will need to demonstrate that machines (other than category D gaming machines) are located in areas from which children are excluded.

The Licensing Authority will similarly note any further GC Guidance on the location and supervision of gaming machines at tracks.

b) Betting machines at tracks

Licensing authorities have a power under the 2005 Act, to restrict the number of betting machines, their nature and the circumstances in which they are made available, by attaching a licence condition to a betting premises licence. The Licensing Authority notes that the GC Guidance states that...

“In relation to betting premises away from tracks, the Commission is proposing that licensing authorities should take into account the size of the premises and the ability of staff to monitor the use of the machines by vulnerable people when determining the number of machines permitted. Similar considerations apply in relation to tracks, where the potential space for such machines may be considerable, bringing with it significant problems in relation to the proliferation of such machines, the ability of track staff to supervise them if they are scattered around the track and the ability of the track operator to comply with the law and prevent children betting on the machine. Licensing authorities will want to

consider restricting the number and location of betting machines, in the light of the circumstances of each application for a track betting premises licence.”

c) Condition on rules being displayed

The Licensing Authority notes GC Guidance, which states that...

“...licensing authorities should attach a condition to track premises licences requiring the track operator to ensure that the rules are prominently displayed in or near the betting areas, or that other measures are taken to ensure that they are made available to the public. For example, the rules could be printed in the race-card or made available in leaflet form from the track office.”

d) Applications and plans –

The Licensing Authority notes the Gambling Commission's suggestion "... that licensing authorities gain a proper understanding of what they are being asked to license..."

Subject to regulations, which will set-out any specific requirements for applications for premises licences the Licensing Authority requires an application for a track betting premises licence to include detailed plans of:

- the racetrack itself;
- the area that will be used for temporary “on-course” betting facilities (often known as the “betting ring”);
- any area that will be used for fixed and mobile pool betting facilities operated by the Tote or track operator in the case of dog tracks and horse racecourses);
- areas proposed for any other gambling facilities.

Those plans should make clear what is being sought for authorisation under the track betting premises licence and what, if any, other areas are to be subject to a separate application for a different type of premises licence.

The Licensing Authority notes that,

“In the Commission’s view, it would be preferable for all self-contained premises operated by off-course betting operators on track to be the subject of separate premises licences. This would ensure that there was clarity between the respective responsibilities of the track operator and the off-course betting operator running a self-contained unit on the premises”

23.7 Travelling Fairs

The 2005 Act allows travelling fairs to make available category D gaming machines and / or equal chance prize gaming without a permit, provided that they comply with the statutory requirement that the facilities for gambling amount to no more than an ancillary amusement at the fair. The Licensing Authority has the power to decide whether travelling fairs comply.

The Licensing Authority may also consider whether the applicant falls within the statutory definition of a travelling fair.

Regardless of which travelling fairs occupy a site, if a site is used by fairs for more than the 27-day statutory maximum in a calendar year a permit is required for use of gaming machines and / or equal chance prize gaming. The Licensing Authority will liaise with adjoining authorities to ensure that statutory limits are not exceeded for land that straddles its area boundaries.

24. Provisional Statements

Developers may wish to apply to the authority for provisional statements before entering into a contract to buy or lease property or land to judge whether a development is worth taking forward in light of the need to obtain a premises licence. There is no need for the applicant to hold an operating licence in order to apply for a provisional statement.

S204 of the Gambling Act provides for a person to make an application to the licensing authority for a provisional statement in respect of premises that he or she:

- expects to be constructed;
- expects to be altered; or
- expects to acquire a right to occupy.

The process for considering an application for a provisional statement is the same as that for a premises licence application. The applicant is obliged to give notice of the application in the same way as applying for a premises licence. Responsible authorities and interested parties may make representations and there are rights of appeal.

In contrast to the premises licence application, the applicant does not have to hold or have applied for an operating licence from the Gambling Commission (except in the case of a track) and they do not have to have a right to occupy the premises in respect of which their provisional application is made.

The holder of a provisional statement may then apply for a premises licence once the premises are constructed, altered or acquired. The licensing authority will be constrained in the matters it can consider when determining the premises licence application, and in terms of representations about premises licence applications that follow the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless:

- they concern matters which could not have been addressed at the provisional statement stage, or
- they reflect a change in the applicant's circumstances.

In addition, the authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:

- which could not have been raised by objectors at the provisional statement stage;
- which in the authority's opinion reflect a change in the operator's circumstances; or

- where the premises has not been constructed in accordance with the plan submitted with the application. This must be a substantial change to the plan and this licensing authority notes that it can discuss any concerns it has with the applicant before making a decision.

25. Reviews

Interested parties or responsible authorities can request a review of a Premises Licence. However, it is for the Licensing Authority to decide whether to review the licence. The Licensing Authority will consider whether the request is...

- Frivolous;
- Vexatious;
- Certain not to cause the Licensing Authority to wish to alter, revoke or suspend the licence; or
- Substantially the same as previous representations or requests for review.

The Licensing Authority will also consider whether the request is relevant to the following matters...

- In accordance with any relevant Code of Practice issued by the Gambling Commission;
- In accordance with any relevant guidance issued by the Gambling Commission;
- Reasonably consistent with the licensing objectives; and
- In accordance with this Statement of Gambling Licensing Policy.

The Licensing Authority can also initiate a review of a licence on the basis of any reason that it considers appropriate that is relevant to the same four matters.

PART C: PERMITS, TEMPORARY & OCCASIONAL USE NOTICES

26. Unlicensed Family Entertainment Centre gaming machine permits

(Statement of Principles on Permits (2005 Act, Schedule 10, para.7))

Where a premises has no Premises Licence but the user wishes to provide gaming machines, it may apply to the Licensing Authority for this permit. The applicant must show that the premises will be wholly or mainly used for making gaming machines available for use (2005 Act, s238).

The 2005 Act states that a licensing authority may prepare a statement of principles that they propose to consider in determining the suitability of an applicant for a permit; and that it shall have regard to the GC Guidance and may (but need not) have regard to the licensing objectives in preparing this statement or considering applications, or both.

The Licensing Authority notes that the GC Guidance states that...
“In their three year licensing policy statement, licensing authorities may include a statement of principles that they propose to apply when exercising their functions in considering applications for permits ... licensing authorities will want to give weight to child protection issues.”

The GC Guidance also states:

“An application for a permit may be granted only if the licensing authority is satisfied that the premises will be used as an unlicensed FEC, and if the chief officer of police has been consulted on the application. Licensing authorities might wish to consider asking applicants to demonstrate:

- *a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed FECs;*
- *that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act; and*
- *that staff are trained to have a full understanding of the maximum stakes and prizes.”*

The Licensing Authority cannot attach conditions to this type of permit.

Statement of Principles

The Licensing Authority expects each applicant to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations.

The Licensing Authority will consider on their individual merits the efficiency of such policies and procedures, which may include appropriate measures / training for staff as regards suspected truant school children on the premises, measures / training covering how staff would deal with any unsupervised very young children on the premises, or children causing perceived problems on or around the premises.

In accordance with GC Guidance, the Licensing Authority will also expect applicants to demonstrate a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed Family Entertainment Centres; that the applicant has no relevant convictions (as set out in Schedule 7

of the Act); and that staff are trained to have a full understanding of the maximum stakes and prizes.

27. Alcohol-licensed premises gaming machine permits

(2005 Act, Schedule 13 para 4(1))

27.1 Notification for up to two gaming machines

The 2005 Act provides for premises licensed to sell alcohol for consumption on the premises (other than as part of a meal), to have up to 2 gaming machines of either category C or D or one of each. Authorisation is automatic if the person responsible for the premises notifies the Licensing Authority.

The Licensing Authority can remove the automatic authorisation for any particular premises if:

- provision of the machines is not reasonably consistent with the pursuit of the licensing objectives;
- gaming has taken place on the premises that breaches a condition of s. 282 of the 2005 Act. (This requires a fee and written notice to be provided to the Licensing Authority, and compliance with any relevant code of practice issued by the Gambling Commission about the location and operation of the machine);
- the premises are mainly used for gaming; or
- an offence under the 2005 Act has been committed on the premises.

27.2 Permit for more than two gaming machines

A premises manager wanting more than 2 machines on the premises must apply for a permit and the Licensing Authority must base its consideration of that application based upon the licensing objectives, any GC Guidance, and “such matters as they think relevant.”

The Licensing Authority considers that “such matters” will be decided on the merits of each case. However, it will have general regard to the need to protect children and vulnerable persons from harm or being exploited by gambling. It will expect the applicant to demonstrate use of adequate measures to ensure that persons under 18 years old do not have access to ‘adult only’ gaming machines.

For this purpose, the Licensing Authority may be satisfied of the adequacy of measures that may include...

- Siting all ‘adult’ machines in sight of bar staff, or of other staff who will prevent use of those machines by those under 18.
- Appropriate notices and signage

The Licensing Authority expects applicants to consider providing information leaflets or helpline numbers for organisations such as GamCare for the benefit of vulnerable persons.

A Licensing Authority can decide to grant a permit with fewer machines or a different category of machines than stated in the application. It can attach no conditions other than these.

The holder of a permit must comply with any Code of Practice issued by the Gambling Commission about the location and operation of the machines.

The Licensing Authority will distinguish between those parts of premises that are licensed for the consumption of alcohol on the premises (other than as part of a meal) and other parts. Gaming machines may not be provided in those other parts of the premises without a premises licence for an Adult Gaming Centre.

28. Prize Gaming Permits

(Statement of Principles on Permits - Schedule 14 para 8 (3))

The 2005 Act states that a Licensing Authority may:
“prepare a statement of principles that they propose to apply in exercising their functions under this Schedule” which “may, in particular, specify matters that the licensing authority propose to consider in determining the suitability of the applicant for a permit”. {2005 Act Schedule 14 8 (1)}

The Licensing Authority has prepared a Statement of Principles, which is that the applicant should set out the types of gaming that he or she is intending to offer and that the applicant should be able to demonstrate:

- that they understand the limits to stakes and prizes that are set out in Regulations;
- and that the gaming offered is within the law.

In making its decision on an application for this permit the Licensing Authority does not need to have regard to the licensing objectives but must have regard to any GC Guidance.

It should be noted that there are conditions in the 2005 Act by which the permit holder must comply, but that the Licensing Authority cannot attach further conditions.

The conditions in the Act are:

- the limits on participation fees, as set out in regulations, must be complied with;
- all chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played;
- the prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if non-monetary prize); and
- participation in the gaming must not entitle the player to take part in any other gambling.

29. Club Gaming and Club Machines Permits

Members Clubs and Miners' welfare institutes (but not Commercial Clubs) may apply for either...

- a Club Gaming Permit, which will enable the premises to provide gaming machines (3 machines of categories B, C or D), equal chance gaming and games of chance as set-out in regulations; or
- a Club Gaming Machine Permit, which will enable the premises to provide gaming machines (3 machines of categories B, C or D) without other gaming.

The Licensing Authority notes GC Guidance that ...

“Members clubs must have at least 25 members and be established and conducted “wholly or mainly” for purposes other than gaming, unless the gaming is permitted by separate regulations. It is anticipated that this will cover bridge and whist clubs, which will replicate the position under the Gaming Act 1968. A members’ club must be permanent in nature, not established to make commercial profit, and controlled by its members equally. Examples include working men’s clubs, branches of Royal British Legion and clubs with political affiliations.”

And that ...

“Before granting the permit the authority will need to satisfy itself that the premises meet the requirements of a members’ club and may grant the permit if the majority of members are over 18.”

The Licensing Authority notes that:

“Licensing authorities may only refuse an application on the grounds that:

- *the applicant does not fulfil the requirements for a members’ or commercial club or miners’ welfare institute and therefore is not entitled to receive the type of permit for which it has applied;*
- *the applicant’s premises are used wholly or mainly by children and/or young persons;*
- *an offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities;*
- *a permit held by the applicant has been cancelled in the previous ten years; or*
- *an objection has been lodged by the Commission or the police*

There is a ‘fast-track’ procedure available, under the 2005 Act, for premises that hold a Club Premises Certificate under the 2003 Act. The GC Guidance states...

“Under the fast-track procedure there is no opportunity for objections to be made by the Commission or the police, and the ground upon which an authority can refuse a permit are reduced”

And

“The grounds on which an application under the process may be refused are:

- *that the club is established primarily for gaming, other than gaming prescribed under schedule 12;*
- *that in addition to the prescribed gaming, the applicant provides facilities for other gaming; or*
- *that a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled.”*

There are statutory conditions on club gaming permits that no child uses a category B or C machine on the premises and that the holder complies with any relevant provision of a code of practice about the location and operation of gaming machines.

30. Temporary Use Notices

Temporary Use Notices are subject to a number of statutory limits.

The Licensing Authority is responsible for deciding what constitutes the extent of a 'set of premises' to which a Temporary Use Notice applies, where separate notices are received for different parts of the same building or site.

The Licensing Authority notes GC Guidance that...

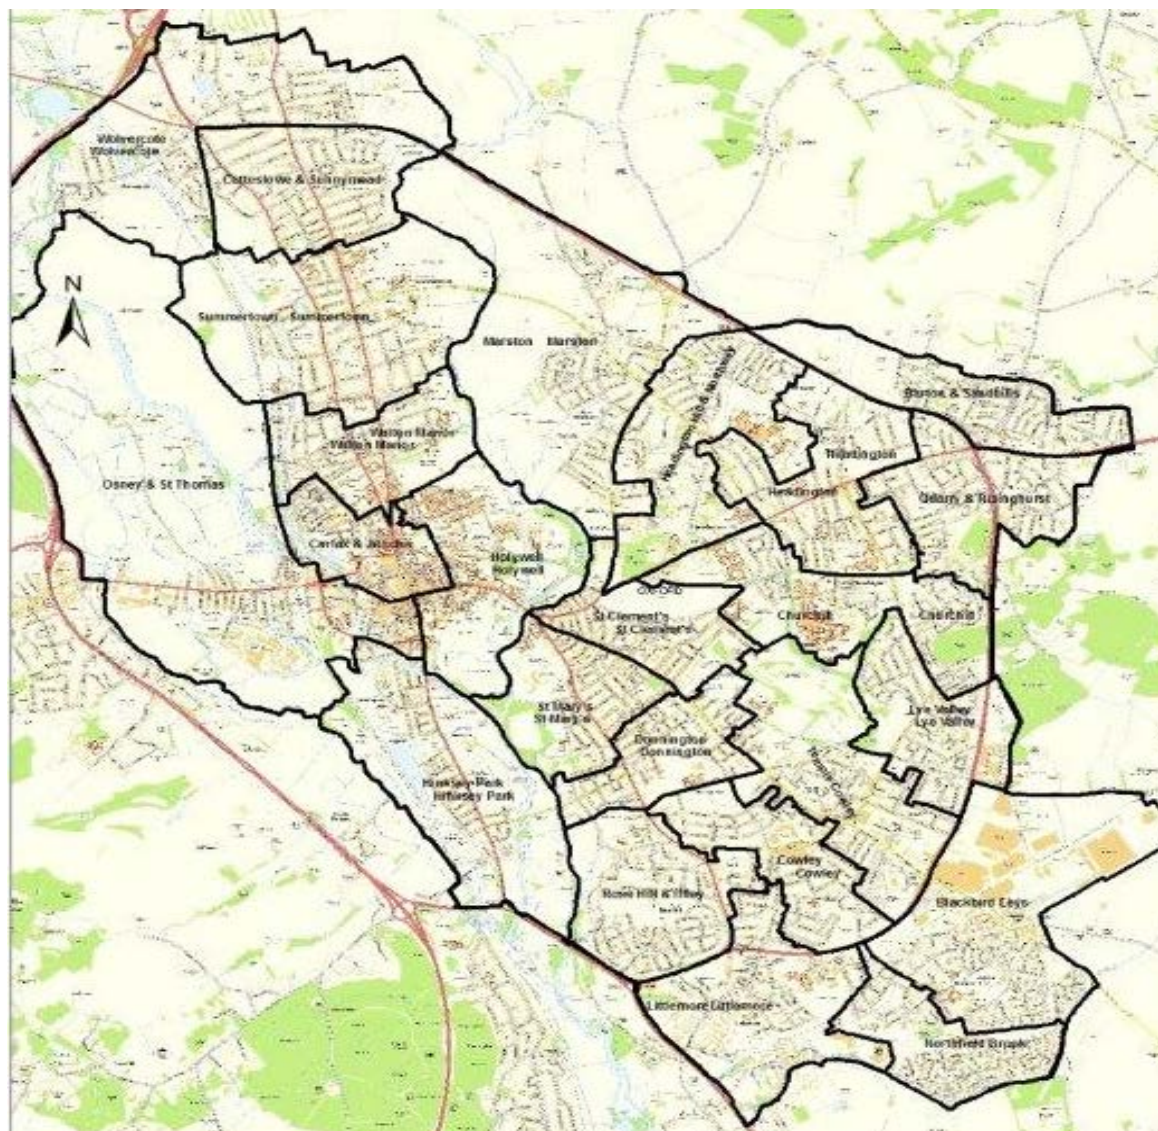

"... the definition of "a set of premises" will be a question of fact in the particular circumstances of each notice that is given. In the Act "premises" is defined as including "any place". In considering whether a place falls within the definition of "a set of premises", licensing authorities will need to look at, amongst other things, the ownership/occupation and control of the premises. A large exhibition centre, for example, would be likely to come within the definition as it is properly one premises, and should not be granted a temporary use notice for 21 days in respect of each of its exhibition halls. But in relation to other covered areas, such as shopping centres, the licensing authority will need to consider whether different units are in fact different "sets of premises", given that they may be occupied and controlled by different people. This is a new permission and licensing authorities should be ready to object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises."

31. Occasional Use Notices:

The Licensing Authority has very little discretion in determining Occasional Use Notices, other than ensuring that the statutory limit of 8 days in a calendar year is not exceeded.

However, the Licensing Authority will need to consider the definition of a 'track' and whether the applicant is permitted to use such a notice.

Appendix 1 – Map of Oxford

Appendix 2 – Licensing Authority delegations

The 2005 Act (s154) delegates most licensing functions to the licensing committee, which can then further delegate to its sub-committees or to officers. The table lists the lowest level to which decisions can be delegated.

The Licensing Authority will determine the levels to which its decisions are delegated and may change that delegation from time to time.
